## Memorials In Review

### **EAGLE GRANITE COMPANY, INC. —**

Outstanding workmanship by the manufacturer and creative design are reflected in this memorial where contrasting finishes and colors of granite make a statement of Christian unity and love. A bible verse is on the steeled "Eagle Blue Granite" panel joined to the larger tablet by a "Flash Black Granite" inset on which a polished Cross and interlocking wedding rings are set on a tooled background. A decorative, tooled check is on the black granite vase. The monument, incorporating all straight lines, was designed by prominent memorialist Charlie Hunt of Hunt Memorials, Nashville, Tennessee. It is in Spring Hill Cemetery in Nashville.
